

# Design the Perfect Desk!

## Guiding questions

What is the function of a desk?

How could there be common function among desks but different designs? Are there other structures that this happens with?

What is the size of the average middle school desk?

How would you make your desk aesthetically pleasing?

# Design the Perfect Desk!

**Day 1** - Brainstorm and create your idea of the perfect desk (top view, side view, front view) ...remember that the desk must be able perform its function!

**Day 2** - Turn that rough creation into an aesthetically pleasing scale drawing.
